AURA

Organic Massage & Wellness

OUR STORY

AURA was born from a simple belief: **every great journey deserves a moment to restore.**

On Isabela Island, where volcanic energy meets the calm of the ocean, AURA offers a sanctuary of organic wellness, professional care, and deep relaxation.

More than a service, AURA is a return to balance.

WHY AURA

More than a massage, AURA is a journey back to yourself.

Inspired by the living energy of the Galápagos, every experience flows through three purposes:

Pause. Stillness of the mind.
Restoration. Healing of the physical temple.
Reconnection. Union with the cosmos.

OUR WELLNESS SANCTUARY

An experience created to restore the body and deepen your connection with nature.

Our signature massages blend global techniques with 100% organic botanicals, inspired by ancestral wisdom and sourced from local producers in Isabela and mainland Ecuador.

Complete the ritual with our collection of organic self-care elixirs, designed to carry the essence of AURA beyond your stay.
